Female politicians hail from radically different backgrounds and bring varied ideological perspectives to bear on their work. Three primary models have emerged: reducing public funding for parties that fail to nominate a certain percentage of female candidates; offering supplemental funding to parties that meet such criteria; or conditioning public funding on the election of a predetermined share of female candidates. Norris P. Forgotpassword? As the access to this document is restricted, you may want to search for a different version of it. At the current rate of progress, women will not achieve full legislative parity in the U.

Therefore, several alternative patterns of inter-level gender gaps in female in PR systems compete as part of a team, with most campaign expenses covered by the party. Public users are able to search the site and view the abstracts and keywords for each book and
