In both cases, X represents skill level i. Figure 23 shows the steps used in the JOPP. The United States avoids resorting to military force, preferring to wield all other instruments of power in the pursuit of national objectives and in the context of international competition and conflict.

This document provides the baseline for JTFHQ staffing and is used for strength

Control tower operators assigned to ATS units are trained by Air Force weather personnel to take limited weather observations. This information will be provided to other components, as necessary. Commanders and their interagency and multinational partners should assess the potential integration requirements and opportunities of these operations.

The SCC first attempt to fill billet requirements using organic assets. A phase can be characterized by the focus that is placed on it. The innovative combination of electronic weapons platforms, networking systems, and strategic- and operational-level PSYOP, enabled by the net-centric operational environment, creates significant opportunities to seize the initiative and dominate an enemy.
