Japan had completed this process earlier. The aim of social integration is to ensure that measures are taken to prevent social disintegration.

StennerP,TaylorDPsychosocialwelfare:reflectionsonanemergingfield. There seems little likelihood that we shall have meatless days, or days without sugar. On the one hand, the total number of cases decreased, the decrease being most remarkable in the greatest Stations, in Athens and Thessaloniki, where in contrast to more than fifteen thousand cases in the five years between andless than two and three thousand respectively were handled in the five years between and Table 2. Despite these

connections, I argue that the psychosocial approach of the Stations was specifically designed to address the socio-economic and cultural conditions and needs of post-war Greek society, as understood by the mental health professionals of the Centre.
