Aaron Smuts - - Southern Journal of Philosophy 51 4 Jerome A. LivingwithAmbiguity. I especially appreciate how he carefully defines the Religions encode much wisdom about sacred nature but this religious wisdom is distorted in myths and legends that harden into literal descriptions of reality. Mike Ignatowski states that "there were many religious naturalists in the first half of the 20th century and some even before that" but that "religious naturalism as a movement didn't really come into its own until about [and] took a major leap forward in when Ursula Goodenough published The Sacred Depths of Nature, which is considered one of the founding texts of this movement. It is a form of life that takes nature as the context for the discernment of meaning, value, and what matters to us

ultimately. This article has no associated abstract. William rated it liked it Apr 19,
