However, I agree with D because the face-to-face is losing. Learning to speak with others shouldn't be hard, especially if you just take the time to listen to what other people have to say instead of worrying about what you plan to say . However, the author manages to make a few good points and reminded me of a few things. For example, when your brother or another person live abroad, you can speak with him like if he lived. While it's important to prepare for a networking date, you should also try your best to keep any expectations in check. The book includes handy cheat sheets with prepared conversational lines that can be applied right away. Most of us are ordinary people just trying to live our lives. In ever in my life for instance, when I go out on Saturdays, most of my friends are waiting for dinner while they are playing silly games or talking to somebody. However, networking-for-the-sake-of-networking is a useless activity: there must be a purpose.
